WATER SERVICE INFORMATION

1. The technical specifications of machines requiring individual water connection must be sent to HUNGEXPO C.Co. Ltd. 1 month prior to the opening of the exhibition. Special water-drainage connection requirements should be ordered separately. Pressure in pavilions is 0.2 Mpa (2.0 bar) and is available through outlets before the central pressure reducer.
2. The exhibitor can not refuse utility connections for the neighbouring stands, or leading these through his stand.
3. The exhibitor is obliged to ensure the accessibility of the floor shafts by cutting the cover, the structure, etc. and by leaving free the places of the connections. If failing this obligation or hindering the works of connecting to the utility networks and works of correcting errors the exhibitor has to assume the liability.
4. We don't guarantee for the quality of water!
5. The water connection ordered will be provided by a contractor hired by HUNGEXPO C.Co. Ltd. as a transferred service and the costs will be invoiced accordingly to the Inrush permit.
